3-10 90 1230hrs. I contacted Michael Nemelka at a payphone in Monroe, he explained that he had left Wash. on 3-6, and just returned from Utah. He was concerned about his sons mental health, and some threats his son made on 3-6-90. His son Chris told him that he would not let his exwife see their two children, and that he would kill them, himself, and anyone else that tried to take them from him. Michael said that Chris behavior changes, he gets excited [REDACTED] says that he is a prophet of god, and talks to him regularly.

He said that Chris keeps a rifle 30-06, and a .357 (, somewhere in the store. He also plans on leaving for Canada with present wife and their four children.

With Michael Nemelka, in his vehicle, was Chris' first wife, he said that as soon as we took Chris into custody they would take her two children and flee to Utah. He said that Chris' present wife Jackie was fearful of Chris and she would take their two children as soon as we took him into custody and also flee for Utah.

At approx. 1400 hrs. I contacted Chris at his place of business, Walts Milk House, Sgt. R. Maras assisted w/ Dep. T. Green. We found Chris very stable, intelligent and discussed his father's accusations. Chris said that his family has been against him since he left their religion, and is another. He said he owned a .22 1e at home, had never owned a .357 or a 30-06. He has never told anyone he would harm his children and he never would.

Privately, I spoke to his wife Jackie, she said that she has no plans to leave Chris, she and her children are not in jeopardy, that he is a loving wonderful father.

Chris's employee Dan Bartelmer said that he knows Chris and considers him a valuable employee, a hard worker, and a outstanding father to his children.

Chris said that he has custody of his first two children after his wife abandoned them they have not seen her in over two years and were too young for them to even know who she is now. I discussed the situation w/ Sgt. Maras, we were under the opinion that this was a family problem and there was nothing wrong with Chris. His father admitted that he was just trying to get the kids, Chris said that he possibly would get a Harassment order if his father caused anymore problem.
